Academia Sinica IBMS · RIKEN IMS joint workshop  （Wednesday, March 23, 2016）

9:20 - 9:40  Opening remarks and Overview of IMS and IBMS (Dr. Koseki and Dr. Liu)

Session 1  （Chaired by Takaharu Okada）
9:40 - 10:10  Chiaho Shih  “Pathogenesis of enterovirus 71 in mouse models”
10:10 - 10:40  Kazuhiko Yamamoto  “Genetics of rheumatoid arthritis: Functional insights from genetic information”

10:40 - 10:50  Coffee break

Session 2  （Chaired by Michael Lee）
10:50 - 11:20  Yi-Ling Lin  “Dengue virus impairs mitochondrial fusion by cleaving mitofusins”
11:20 - 11:50  Makoto Arita  “Quality of lipids in health and disease”
11:50 - 12:20  Fu-Tong Liu  “Galectins and innate immunity”

12:20 - 14:00  Lunch break  （plus Directors discussion）

Session 3  （Chaired by Takaharu Okada）
14:00 - 14:30  Haruhiko Koseki  “Modeling atopic dermatitis”
14:30 - 15:00  Jeffrey Yen  “Protein palmitoylation by ZDHHC13 protects skin against microbial-mediated dermatitis”

15:00 - 15:30  Coffee break

Session 4  （Chaired by Sidonia Fagarasan）
15:10 - 15:40  Kenya Honda  “Influences of the gut microbiota on the immune system”
15:40 - 16:10  Jr-Wen Shui  “Immune regulation at mucosal barriers by an unusual TNF receptor”
16:10 - 16:40  Hiroshi Ohno  “Mast cells are crucial for the clearance of helminth infection by inducing ILC2”

16:40 - 16:50  Coffee break

Session 5  （Chaired by Sidonia Fagarasan）
16:50 - 17:20  Ya-Jen Chang  “Prevention of acute asthma by modulating type 2 innate lymphoid cells”
17:20 - 17:50  Kazuyo Moro  “Group 2 Innate lymphoid cell in allergic inflammation”

18:30 - 20:30  Dinner Conference  （Remarks by Dr. Koyasu）
