

Name: Takeya Kasukawa, Ph. D.

Present Position: 1. Unit Leader
Large Scale Data Managing Unit
RIKEN Center for Integrative Medical Sciences

Education:

1990-1993 School of Engineering, Osaka Univ.
1993-1995 Master's Course, Grad. School of Engineering, Osaka Univ.
1995-1998 Doctorial Course, Grad. School of Engineering, Osaka Univ.
2005 Ph. D. degree (informatics)

Academic Positions:

1998-2000 Assistant professor, Grad. School of Engineering, Osaka Univ.
2000-2005 Research collaborator, RIKEN Genomic Sciences Center
2005-2010 Research Scientist, RIKEN Center for Developmental Biology
2010-2013 Research Specialist, RIKEN Center for Developmental Biology
2013-2018 Unit Leader, Large Scale Data Managing Unit, RIKEN Center for Life Science Technologies
2018-present Unit Leader, Large Scale Data Managing Unit, RIKEN Center for Integrative Medical Sciences

Membership:

Japanese Society for Bioinformatics, Board of Director (2017.4-2019.3), Member,
Molecular Biology Society of Japan, Member
The Institute of Electronics, Information and Communication Engineering, Member
Information Processing Society of Japan, Member
International Mammalian Genome Society, Member
Human Genome Organization, Member

Awards:

RIKEN CLST Research Incentive Award (FY2014)
RIKEN CLST Technician Incentive Award (FY2014)

Field of research:

Bioinformatics, Genomics, Database
